

PET EXPANDABLE BRAIDED SLEEVING (DNM COMPANY)

It is a lightweight, abrasion-resistant protective sleeve made from halogen-free, flame-retardant PET. Its expandable braided structure allows the sleeving to increase up to 1.5× its nominal diameter, making installation over wire bundles and connectors quick and convenient.

Suitable for cable management, wiring harness protection, and clean finishing in automotive, electronics, and industrial applications.

TECHNICAL DATA:

- ✔ Material: Polyester
- ✔ Working temperature: -40°C~+150°C
- ✔ Melting point: 240±10°C
- ✔ Color: Black
- ✔ Flammability: UL94 V2
- ✔ Approval: RoHS, Halogen Free

Diameter	Article number	Minimum expansion	Maximum expansion	Packing quantity
3 mm	PET-003	1 mm	6 mm	1000 m
6 mm	PET-006	3 mm	9 mm	500 m
8 mm	PET-008	5 mm	16 mm	350 m
10 mm	PET-010	7 mm	19 mm	350 m
12 mm	PET-012	8 mm	24 mm	300 m
16 mm	PET-016	10 mm	27 mm	250 m
19 mm	PET-019	14 mm	30 mm	200 m
25 mm	PET-025	18 mm	35 mm	200 m
32 mm	PET-032	20 mm	50 mm	150 m
38 mm	PET-038	30 mm	60 mm	100 m
45 mm	PET-045	35 mm	75 mm	100 m
50 mm	PET-050	40 mm	80 mm	100 m
64 mm	PET-064	45 mm	105 mm	100 m
76 mm	PET-076	64 mm	120 mm	100 m
