

JDD-CC COLD CUT SLEEVING

JDD-CC is intended for convenient cable protection and organization in any working conditions. It can be cut with standard scissors without edge fraying, eliminating the need for a hot knife or power supply.

The soft and flexible structure allows fast installation on cables and wire bundles, even in confined spaces, while maintaining a clean and professional finish. A practical choice when installation speed, simplicity and predictable results are required.

TECHNICAL DATA:

- ✓ **Material:** Polyester
- ✓ **Working temperature:** -50°C~+150°C
- ✓ **Melting point:** 240±10°C
- ✓ **Cutting tool:** Scissor
- ✓ **Flammability:** UL VW-1
- ✓ **Approval:** UL, RoHS
- ✓ **Color:** white, yellow, green, blue, red, black

Diameter	Article number	Minimum expansion	Maximum expansion	Packing quantity
3 mm	CC-003	1 mm	5 mm	500 m
6 mm	CC-006	3 mm	8 mm	500 m
8 mm	CC-008	5 mm	10 mm	350 m
10 mm	CC-010	7 mm	12 mm	350 m
