Product description

- Splice distributor for TH34 rail.
- To mount pigtails or pre-terminated installation cables.
- Modular design: housing, equipped front plate and splice tray can be ordered separately.
- Front with label strip.
- The rail bracket can be fixed in different positions at the REGpro housing allowing different rail mounting positions.
- Cable feeding from top or bottom, straight or inclined, with one M20 strain relief (included in delivery).
- Front plate (3RU/7HP) with SC-Duplex, LC-Quad or ST adapters. Other types on demand.
- Splice tray for up to 12 splices equipped with crimp or shrink splice holders.
- With blind plate and two splice trays it can also be used on the rail as a very compact transition splice box for 24 fibers.
